

Have you been **targeted** by insurance agents eager to sell you a new insurance policy because of Blue Shield's actions?

C.A.R. members have been bombarded with email campaigns **designed to entice** them into other insurance programs.

**We caution you to review alternatives very carefully and consult a RealCare agent for advice about what is right for you and your family.**

***The uncertainty created by this situation may lead you to jump at the chance to get other coverage now and put this ordeal behind you. Be careful! Some of the policies being sold to unsuspecting C.A.R. members may actually create more harm than good. You may unknowingly find that you enroll in a plan that doesn't offer comparable benefits to your current plan, and you could end up with thousands of dollars of out of pocket expenses.***

***We want to make sure that if you do change plans, you're making an informed decision based on accurate and complete information.***

***Don't be fooled by seductive marketing and regret it later.***

### **CALL US FIRST!**

***Our agents are trained to help you determine the best plan for you. We offer the same individual and group medical plans that most reputable, experienced health insurance agents offer, and we can update you on any changes to the situation with Blue Shield.***
